01 Every ringing phone is a customer

Built for shops and stores

Ringo answers your store's calls, checks what's in stock, holds items for customers and texts you a summary, while your team takes care of the people in the store.

"Do you have it in stock?" "Are you open Sunday?" Ringo answers those calls instantly, so your staff can stay with the customers in front of them.

Made for boutiques, gift shops, hardware stores, florists, bike shops, pet stores and every kind of shop.
